# *Foreword*

## *President's Message*

I once knew a student who said that he could do his best only when he saw that he must. He admitted that he might have had a better record in college if he had seen "that he must" more often. I have known other students who found it easy to do their best at all times, even without any compulsion. The staff that has produced the 1947 INDIANHEAD has felt no compulsion to give long hours to the work. Nevertheless, each one has done his best. Each one has gone the second mile.

We salute the staff and we commend their loyalty, their steadfastness, and their zeal.

## *Dedication*

We the members of the Senior Class of the year nineteen hundred and forty-seven, in searching diligently for a fitting organization to which to dedicate the contents of this yearbook, decided unanimously to bestow this honor upon our beloved sister-class. To the Junior Class, whose great responsibility and privilege, will be the publishing of the 1947-48 yearbook, we humbly dedicate our beloved INDIANHEAD. May it serve as a beacon, in the night, to guide them to success and ultimate victory.

## *Senior Class History*

Four years ago a goodly number of Freshmen came to Pembroke State College to enter into its atmosphere for a term of years, which looked to them, at that time, a century. But soon came the realization that college days pass only too quickly.

We came through the Freshmen year victorious and entered into the Sophomore year with decreased numbers but unmolested by the upper-classmen, learned the ways of the world by experience.

Decreasing every year but now the class of '47 will boast not quantity but quality. So-long college days, may we always live up to your crown of success.

## *Iota Alpha Chapter* *by* *Alpha Psi Omega*

The purpose of the Iota Alpha Cast of Alpha Psi Omega, Honorary Dramatic Fraternity, is to stimulate interest in dramatic activities in Pembroke College, to secure for the College all the advantages and mutual helpfulness provided by a large national honorary fraternity, and, by means of electing students to membership, to serve as a reward for their worthy effort in participating in the plays staged by the dramatic organization of the College.

The motto "Seek a Life Useful" means that not only the members strive to be artists, but they endeavor to be worthy artists seeking the highest goal of any artist, service.

The local chapter was founded March 9, 1943, with the following chapter members:

Alice Maynor, Gladys Oxendine, Margaret Locklear, Ila Oxendine, Murrill Lowry, Reba Millsaps Lowry, Geraldine Jones and Dorothy Fields. The present members on the campus are:

Murrill Lowry, Clara Bullard, Mary Martin (not in picture), Magenta Johnson, Julian Ransom, Lock B. Locklear and Gertie Locklear.

## *B.S.U. Council*

### **BAPTIST STUDENT UNION**

The Baptist Student Union is an organization which promotes voluntary religious activities of the Baptist student in the Southern Colleges and is provided for and promoted by the Southern Baptists.

The Baptist Student Union is the connecting link between the college and the twenty-six missionary Baptist churches in Robeson County; it also includes members of the Free Will Baptist and several members of the Brethren. Any one may join the B.S.U. who so desires. The B.S.U. encourages its members to attend the State B.S.U. conventions where they receive new ideas to carry back to their local churches.

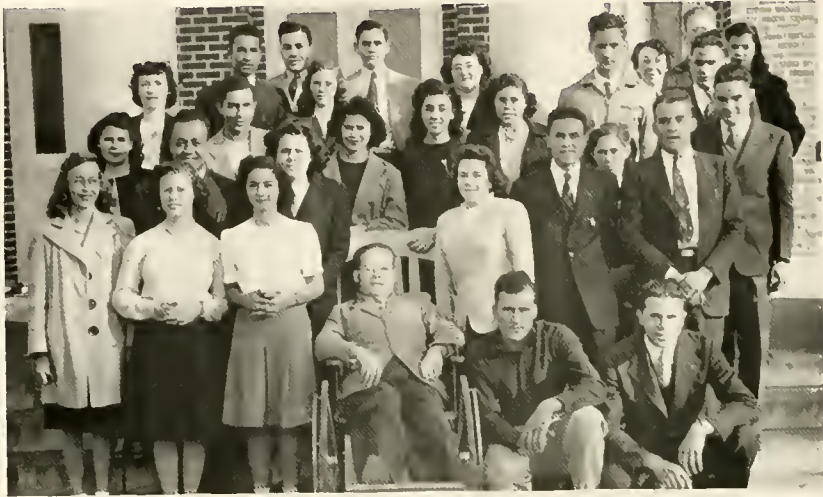

The B.S.U.'s aim is to help the Christian student to become better trained Christian leaders, and to help win the lost souls on the campus to Christ. The B.S.U. sponsors several religious activities including vesper services and prayer meetings. The B.S.U. sponsors several Bible discussions. These discussions help one to get a better understanding of the Bible.

Oxendine, Myrtle Wilkins, Miss Stinebring, Beecher Bullard. *Fourth row:* Wilson Chavis, Julian Ransom, Stanton Locklear.

# *Wesley Foundation Council*

## **WESLEY FOUNDATION**

The Wesley Foundation is a religious organization of Methodist Students and of other denominations to help meet their spiritual, moral and social needs, and to help prepare them for local leadership. It is a part of the State, National, and World Student Movement.

Students attended the State Fall Retreat and the Student Conference at Greensboro this year and may go to Lake Junaluska in June.

The Wesley Foundation works with the B.S.U. in sponsoring several projects: The Pre-School Retreat; collecting clothing for Europe; a weekly Vesper Service; and raising money for the World Student Service Fund. In addition, the Wesley Foundation is donating money to the Methodist Student Fund and helping other colleges in North Carolina send a student in India to a Theological Seminary.

## *Gymnasium*

The College Gymnasium is a well Equipped building, erected in 1938-39 by the Public Work Administration. This building meets the requirements for indoor athletic sports and physical education classes.

We are proud of the seating capacity as well as the dressing rooms, showers, and lockers, for men and women. Each year an annual Basketball Tournament is held by all the Indian High Schools of this County.

## *Athletics*

## *Football*

September 1946, marked the beginning of intercollegiate football at Pembroke State College. The lack of equipment and a schedule prevented the team from playing more than five games. Nevertheless, the boys showed promise of strength in the future.

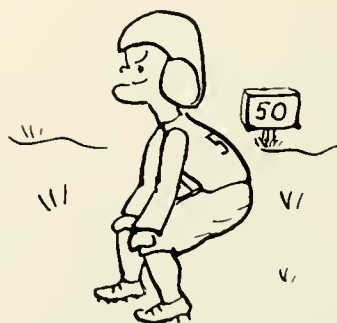

Veterans will form the nucleus of the 1947 squad. As there was only one senior on the starting line-up, graduation will not affect the present status of the team too greatly. The surrounding high schools are also expected to send a considerable number of likely prospects next fall. All of which points to a larger and better team for 1947.

### FOOTBALL SQUAD

*First row, left to right:* Talmage Locklear, Danzer Locklear, William E. Oxendine, A. G. Spaulding, Peter Dial, Spyrgzon Bullard. *Second row:* Golda Locklear, Harlie Carter, Monroe F. Lowry, Robert McGirt, Robert Hunt, Hilton Locklear, Clyde Locklear, Henry Smith. *Third row:* James T. Sampson, Coach; Fred Locklear, Curt Locklear, Marvin Lowry, James L. Hunt, Jesse E. Oxendine, Edward Hargrove, Stanton Locklear, Manager.

## *Basketball*

The basketball squad this year shows definite promise of a "coming" team for the oncoming year. While the team lost a considerable number of the games in the beginning of the year the spectators always saw a good game. Lack of experience accounted for several defeats early in the season; the team improved vastly, and won most of their latter games. With as many as fifteen men out for the team, competition has been an outstanding factor in developing the team.

Graduation claims Robert McGirt and Clyde Locklear; both have played good ball for the team. Their loss will be felt, but reserve strength is expected next fall.

Through the fine coöperation of the townspeople and the students and the efforts of coach J. T. Sampson, much equipment has been bought for the teams.

The men's basketball team received new suits, and the football team was also outfitted this year.

## *Varsity Basketball*

*First row, left to right: Clyde Locklear, William E. Oxendine, Robert McGirt, Johnnie L. Locklear, Jim Dial. Second row: James T. Sampson, Coach; Spyrgon Bullard, Monroe Lowry, Harlie Carter, Henry Smith. Third row: Horace Howington, Marvin Lowry, A. G. Spaulding, Stanton Locklear, Manager.*

*First row, left to right: Etta B. Revels, Josephine Locklear, Christine R. Hunt, Elisabeth Berry, Ruth Roberts, Trudie Bullard. Second row: Retha M. Locklear, Lorraine Burnette, Clara C. Bullard, Earlene Jacobs, Agnes Hunt, Vertie R. Hunt, Bernice Morgan, Manager.*

## *Girls Basketball*

Great interest was shown by the girl in basketball as about twenty came out for practice. Lack of college girls teams necessitated playing several high school games—of which all games were won except one. The girls had games scheduled with Campbell College and Pfeiffer Junior Colleges.

The girls are proud possessors of new suits and next year it is anticipated that a full schedule with colleges can be obtained.

*First row, left to right: Walter Locklear, Talmage Locklear, Horace Howington, Harlie Carter, Monroe Lowry, Jim Dial, Coolidge Cummings. Second row: Johnnie L. Locklear, Robert McGirt, William E. Oxendine, Clyde Locklear, Peter Dial, Eddie Hargrove, Hilton Locklear. Third row: Spyrgzon Bullard, Vardell Sweat, Leon Hunt, Ronald Lowry. Fourth row: Fred Locklear, Danzer Locklear, Wilson Chavis, Henry Smith, Jesse Oxendine, Robert Hunt, James T. Sampson, Coach.*

## *Baseball*

The 1947 Pembroke State College Baseball Team will have several boys from last year's squad, plus additional strength from new students, indicating that a good team is in the making.

We are looking forward to a great year in baseball.

## *The Final Word*

To the Juniors, who will publish the INDIANHEAD of 1948, we hand the torch that we have carried through its second mile. There have been times when the load seemed heavy and the goal too far away, but through perseverance and the high resolve that our goal was worth the effort we have arrived at the promised land.

To each who contributed to the common cause we extend our heartfelt thanks and the hope goes with this publication, that it may serve its purpose and that you, the reader, can share the joys that we have experienced, as we have seen our efforts bear fruit. With each passing year, we trust that the possession of this yearbook may make the treasured memories of our school days remain bright and glowing, as, we are sure they should be.

Undergraduates who have contributed time and effort in helping, we extend our grateful thanks to them. They are Mary F. Maynor, Eldon L. Bell, Harvey Canedy, and Stanton Locklear.

Yes, Reddy Kilowatt is a mighty man.

One Kilowatt of electricity is equal to one and one-third horsepower—but what is more important is what it can do for you. Electrical cooking, refrigeration, lighting, washing, ironing, and all the other tasks electricity does in your home take very little horsepower . . . but they are mighty valuable to the comfort and convenience of your everyday life.

Use your electric to the fullest extent . . . enjoy things electricity does for you.
